- 25X1 1. Orders for large steam turbines and boilers placed by Yugoslavia in Czechoslovakia with such firms as Kollen Danek and Witkowitz, are to be transferred by the order of the Soviet Union to Rumania and to a lesser extent to Bulgaria. These orders were already partly paid for by Yugoslavia and were due for delivery.
- 25X1 2. Orders for power plant machinery placed some time ago in the Soviet Union are likely to remain unfilled for an indefinite period.
- 25X1 3. Rumanian engineers are becoming increasingly uneasy about the very poor quality of Czechoslovak goods and machinery. Because of the need for large quantities of equipment which is required for the fulfillment of the Rumanian Economic Plan, the Rumanians are apparently being given considerable freedom of choice in the placing of orders abroad.
